An ISO 9001:2015 Certificated Company  
Manufacturer & Supplier

## About Us

Partho Fasteners is a leading manufacturer and distributor of fasteners products and has gained significant goodwill and reputation managing to carve out a niche for itself in the Automotive, Aerospace, Sanitary, Medical, Electronics, Electricals, Construction, Oil & Gas, Railways, Marine, Food Processing, Vertical Transport (Elevators), Furniture, Computer Accessories, FMCG, etc.

Established in the year 1995 we have been successfully carrying out operations by catering to the needs of our clients by providing quality products at affordable prices and thereby building a strong customer base. Being an ISO 9001:2015 certificated company and continuous improvement in the product and service portfolio alongwith our ability to timely deliver the products at competitive prices, courteous customer service, reliability, excellent quality, ability to adapt and implement technological advances, producing tailor made products as per client's specifications has allowed us to serve the industries in the regional and global markets. Our engineering and quality assurance system guarantees customer satisfaction.

## Our Mission

Our aim is to be a market leader in field of manufacturing tailor made quality fasteners products according to client's needs in the most precise and efficient way. We would like to be your one-stop source for all your fastener products requirements.

## Our Policies

### 1. Quality Policy

We follow stringent policies to assess our systems, procedures, to compare performances, identify areas which require changes or improvements and as further enumerated hereinbelow:

- a. Random and continuous inspection of raw material from our vendors.
  - b. First inspection and in-process quality inspection by trained, experienced and qualified engineers to comply with the process parameters.
  - c. Final inspections to ensure that the product confirms according to the drawing or standard parameters
  - d. Pre- dispatch inspection to ensure complete and correct material is dispatched to the customers.
  - e. Implement systems in order to avoid unforeseen events that might disrupt our strategy and prevent achievement of our goals at all stages.
2. Regular interactions and feedback from our valued customers.
  3. Maintain a safe and clean workspace to the employees and enhance their motivation. Upskilling and empowerment of employees at all levels through continuous training programs.

Our expertise lies in manufacturing wide range of products of sizes right from 2mm to 16mm diameter and length up to 150mm.

Standard Grades/Material used for manufacturing fasteners	All products can be supplied as per below mentioned standards	Surface Finish
Stainless Steel	IS	Natural (Plain),
Low Carbon Steel	AS	Zinc (Blue, Yellow,
High Carbon Steel / Boron Steel / Alloy Steel	BS	Trivalent, Olive Green, Black), Trivalent
Aluminium	DIN	Chrome, Nickel,
Brass	ISO	Copper, Hot Dip
Silicon Bronze	JIS	Galvanized,
Copper	SAE	Phosphate Dacrodized,
Exotic Metals	ANSI	Geomat and Coating
Zinc Alloy Die Casting	ASTM	Adhesive, Sealant on
Nylon PVC	Special fastener as per specification	threading surfaces

Whilst sending your enquiry, kindly provide us with the following details to enable us to be more efficient in our service to you:

1. Description
2. Product Standard. If non-standard then drawing or sample
3. Material
4. Size
5. Surface treatment or heat treatment
6. Quantity
7. Packaging and forwarding requirement, if any
8. Any other special requirements, if any

"A customer is the most important visitor on our premises. He is not dependent on us. We are dependent on him. He is not an interruption in our work. He is the purpose of it. He is not an outsider in our business. He is part of it. We are not doing him a favor by serving him. He is doing us a favor by giving us an opportunity to do so." – Mahatma Gandhi
